### Description

Participation in the company will include a set class time for dedicated students to work on focused dance technique and special choreography. The event list attached may be required for some groups and not others due to age requirements for certain venues. Approximate cost and due dates for each type of event are listed below as well. We are offering plenty of fundraising opportunities in order to help students cover the cost of these events. As we are still solidifying dates for 2017-18, some dates have not yet been announced. It is possible that we will add an additional mandatory event to this list. We are considering offering new performance experiences and the Eastern Pennsylvania Dance Conference.

### Attendance, Absences & Late Arrivals

Fusion2 Company members are required to attend weekly with no more than 3 absences (medical, excused or unexcused) from any classes or rehearsals throughout the season. This will be necessary in order to attain our goal of presenting polished performances. We are team based. **Absence from any performance will result in immediate removal from our performance company.** Three late arrivals (10 minutes or more) or two class observations for any reason will constitute one absence. Each member of our group plays an important role in our company. Please call the studio if you are going to be late or absent.

### Fees

A dance company jacket is required for all members for all company appearances (\$75). The monthly is \$60 for this class. Participation in our Fusion2 Dance Company will be billed separately from other Dance Fusion classes. The cost is based on additional staffing and organizational needs in order to organize and participate in these special events. Fundraising is offered monthly and strongly encouraged!
